

06 February 2022 (Newsletter 2)

Dear Members

The official start to our season is tomorrow, 7 February 2022. We want to wish you all well with your preparations and look forward to seeing you deliver outstanding performances in the club season. Currently there are quite a few friendly matches happening on a weekly basis. Some members have also contributed to the success of the Cape Town 10s this last weekend. We would like to thank them for their service in what was some trying weather conditions.

REGIONS

Regional convenors are requested to adhere to the Covid-19 protocol that we introduced last year. All members attending should:

1. Complete a Covid questionnaire
2. Have their temperature measured
3. Sign the attendance register

FITNESS ASSESSMENTS

Members are reminded that all Division 1 – 4 including the unclassified referees will be tested at a central venue on 26 February 2022.

Members in Division 5 and lower will test at their regions.

COACHING STRUCTURE

In the absence of a portfolio holder for coaching, yours truly the chairperson will oversee all coaching with a team –

1. Division 1 – 4 (Peer coach Wihan Swart), Division 5 & 6 (Chris Baartman) and Division 7 and Beginners (Edwin George)
2. Regional Coaches

With regards to the ongoing debate of our non-vaccinated members and their role in the society and refereeing matches, the executive takes its lead from the union who are informed by the national body (SARU) and the Minister of Sport. The conversation continues and we will update members as changes occur.

Kind regards

Joey Klaaste-Salmans
CHAIRPERSON
